

**SIPP Observership/ Hands on training opportunity:**

Training Faculty:	Dr. NISHAD PK <i>MD(AIIMS),DNB,MNAMS,PDCC(SGPGI),FIAPM</i>
Organization name Logo	: CORTEX SPINE AND PAIN CARE   <b>CORTEX</b> SPINE AND PAIN CARE <small>A centre for regenerative and interventional pain medicine</small>
Duration	1 week observership
Contact details	+91-8943226838
About the Program :	<p>The Observership program is an informal shadowing experience. Here the doctors or fellows will be allowed to participate in Out-patient department consultations and to watch Pain Management Interventions.</p> <p>They will be along with doctors doing our in-house Fellowships. The Observers during their period will get exposure to seeing a variety of pain medicine cases.</p> <p>Our centre is specialised in diagnosis and treatment of patients suffering from a majority of Musculoskeletal pain conditions. We have dedicated teaching sessions every week and the Observers will have to participate in it.</p> <p>They are expected to actively engage in Case presentations, journal clubs at our centre.</p> <p>Along with the exhaustive theory training provided by the fellowship program, the observership helps to “see what the mind now knows”</p>

**Charges and Fees:**

\*The 1 Week Observership Programme is free for the Fellows of 2023 batch.
