

Fellowship in Integrated Pain Medicine and Palliative care

2024-2025 Batch Starts from January 2024

Smartpain Technology International invites you for a Dedicated 1-year Hybrid Fellowship Course in Integrated Pain Medicine and palliative care, in collaboration with the Society of Integrated Pain and Palliative care (SIPP).

The Course is designed by experts in Pain medicine with vast expertise in areas like Complex pain states, Palliative care, Neuropathic pain and Cancer pain.

The training aims to provide the most rational, integrated, scientific, pharmacological and interventional approaches to achieve improved outcomes in integrated pain management.

Course starting date: January 2024
