

SIPP Observership/ Hands on training opportunity:

Training Faculty:	Dr. MOHINI WAGHMARE MBBS, DA, FIAPM (Gold medalist), FPCI, FIPM	
Organization name Logo	MUMBAI PAIN CLINIC	
Duration	1 week observership	
Contact details	+91-8369405409	
About the Program:	<p>Along with the exhaustive theory training provided by the fellowship program, the Training program aims to help the fellows <i>“see what the mind now knows”</i>. The Observership program is an informal shadowing experience. Here the doctors or fellows will be allowed to participate in OPD consultations and to observe procedures.</p> <p>They will accompany our doctors doing our Formal in-house Fellowships. The Observers will get exposure to a variety of clinical conditions in Acute and chronic pain, including complex pain conditions.</p> <p>This centre is specialized in diagnosis and treatment of patients suffering from varied Musculoskeletal pain conditions. We have dedicated teaching sessions every week and the Observers will have an opportunity to participate in it.</p> <p>They are expected to actively engage in Case presentations, journal clubs at our centre.</p>	

Charges and Fees:

*The 1 Week Observership Programme is free for the Fellows of 2023 batch.
